Head of the department  
 of pediatric surgery  
 MD, Professor

Kovalchuk Viktor Ivanavich.

Lectures that are missed for a good reason are not fulfilled, without a good reason – the summary of the lecture and knowledge of its material.

Practical classes missed for a valid reason, practiced by interviews on the topic of classes without a good reason – to work out the classes on duty (the list of patients, manipulation, signed by the duty surgeon) and an interview on the topic of the lesson.
