

**LIST OF TEACHERS OF THE DEPARTMENT OF  
MICROBIOLOGY, VIROLOGY AND IMMUNOLOGY NAMED  
AFTER S.I. GELBERG WHO WILL PROVIDE THE TUTORIAL  
WORK FOR INTERNATIONAL THIRD -YEAR STUDENTS  
DURING AUTUMN SEMESTER  
OF 2023/2024 ACADEMIC YEAR**

<b>Days/ week</b>	<b>Teacher</b>	<b>Laboratory classroom</b>	<b>Time</b>
<b>Monday/</b> even week	Artiukh	Pasteur's	17.15 – 20.05
<b>Tuesday/</b> odd week	Sviridzenka	Metchnikoff	16.40– 19.10
<b>Thursday/</b> even week	Astrautsova	Metchnikoff	16.40– 19.10

1. Tutorial work includes all parts of the regular laboratory class (or mini-exam) work.
2. Students have to arrive strictly at the time of **the beginning** of the tutorial work. The ones who will arrive later **will be not permitted** to attend the tutorial.
3. Students, who have missed Microbiology classes because of valid reason (**the reason has to be confirmed by the Permit Note of the Dean Office**), can carry out the extracurricular work on the Themes of missed laboratory classes online.
4. To do this students have to connect the Internet and enter 86.57.202.27:9981 in the address line of the browser (**not in the search line!**).
5. To log in students have to use individual ID number and name (in the same way as they do during the classes).
6. Besides the laboratory classes, tutorial work also includes lectures (when the reason of absence at the lecture is not valid) but for the lecture tutorial work can be provided **only by the lecturer in the form of interview** on the **Themes** that were included in the corresponding lecture.
7. During **the last two weeks of the semester, only the teachers of the groups** will provide the tutorial work in their groups – during their working time.

Head of the Department of Microbiology, Virology and  
Immunology named after S.I. Gelberg, Professor *V.M. Sheibak* V.M. Sheibak
