

**THE PLAN**  
**of Medical Chemistry course lectures for**  
**foreign students faculty**  
**in the I semester of 2021-2022 academic year.**  
**(lecture duration — 2 hours)**

№	Lecture topic
1	Colligative properties of aqueous solutions
2	Buffer solutions
3	Surface phenomena
4	Physico-chemistry of disperse systems

Head of General and Bioorganic  
Chemistry Department,

associate professor (docent)

V.V. Boltromeyuk
