

List of microslides for exam in Pathological Anatomy 2018

1. Microslide №1 Nutmeg liver
2. Microslide №2 Brown induration of the lungs (hemosiderosis of the lung)
3. Microslide №6 Meningioma
4. Microslide №7 Ischemic(anemic) infarction of the kidney
5. Microslide №15 Fibroadenoma of the breast
6. Microslide №18 Amyloidoses of the liver
7. Microslide №25 Fat dystrophy of the liver
8. Microslide №30 Hemosiderosis of the liver
9. Microslide №32 Lymphogranulomatosis(Hodgkin's disease)
10. Microslide №40 Lobar (croupous) pneumonia
11. Microslide №41 Fibrinous pericarditis
12. Microslide №42 Purulent meningitis (hematoxylin and eosin)
13. Microslide №44 Flegmonous-ulcerative appendicitis
14. Microslide №46 Trichinosis
15. Microslide №52 Miliarypulmonary tuberculosis
16. Microslide №54^b Micronodular cirrhosis of the liver
17. Microslide №55 Glandular (simple) hyperplasia of endometrium
18. Microslide №57 Hypertrophy of the myocardium
19. Microslide № 59 Leiomyoma of the uterus
20. Microslide №62 Squamous cell carcinoma with keratinization
21. Microslide №64 Infiltrative ductal breast cancer (scirrhous [fibrous] carcinoma)
22. Microslide №65 Lymphogenic metastasis of cancer in the lung
23. Microslide № 67 Colon cancer
24. Microslide №76 Obesity of the heart
25. Microslide №80 Choriocarcinoma
26. Microslide № 82 Tuberculoma of the lung
27. Microslide №84 Liver. Chronic lympholeucosis (chronic lymphatic leukemia)
28. Microslide N 94 Dystrophic calcification of the myocardium
29. Microslide № 98 Basedow goiter (Graves' disease)
30. Microslide №104 Focal seropurulent pneumonia
31. Microslide № 108 Neurilemmoma
32. Microslide №109 Colloid goiters
33. Microslide №115 Myocardial infarctions
34. Microslide №119 Intracapillary glomerulonephritis
35. Microslide №127 Amyloidosis of the kidney
36. Microslide №130 Atherosclerosis of the coronary artery
37. Microslide №132 Renal cell carcinoma (Clear cell type)
38. Microslide №136 Septic (infective) endocarditis of the aortic valve
39. Microslide № 140 The wall of a tuberculous cavity
40. Microslide №141 Chronic myeloid leukemia (liver)
41. Microslide №145 Haemorrhagic meningitis.
42. Microslide №149 Diphtheric (fibrinogenous) colitis in dysentery
43. Microslide № 155 Cytomegalovirus sialadenitis
