

PLAN

of the lectures and laboratory classes in Department of Pathophysiology for foreign students for 6th semester of 2020--2021 education year.

№	Date	Topic of the lectures	Lector	Topic of the classes
1	08.02-14.02	Pathophysiology of nervous system 12.02.21r.	Maksimovich N.Ye	Pathology of the blood volume of circulating. Blood loss.
2	15.02-21.02	<i>CIW -12.</i> Pathology of WBC system. Leukocytosis. Leucopenia (1,3 ч.)		Pathology of the red blood cell system. Anemia. Erythrocytosis.
3	22.02-28.02	<i>CIW -13</i> Pathology of hemostasis (1,3 ч.)		Pathology of the leukocyte system. Leukocytosis. Leukopenia.
4	01.03-07.03	Pathophysiology of endocrine system 05.03.21r.	Maksimovich N.Ye	Tumor growth. Leukemia.
5	08.03-14.03	<i>CIW -14</i> Pathophysiology of higher nervous activity. Syndromes of alcohol and drug addiction (1,3 ч.)		Pathology of the hemostatic system. Thrombophilic of hemostasia.
6	15.03-21.03	<i>CIW -15</i> Pathology of arterial pressure. Arterial hypertension. Hypotension of the blood circulation		Hemorrhagic gemostaziogramma. DBC syndrome.
7	22.03-28.03			Concluding session № 2. "Pathology of blood and hemostasis."
8	29.03-04.04	Pathophysiology of the blood circulation. Myocardial infarction 02.04.21r.	Maksimovich N.Ye	Pathophysiology of the nervous system. Movement disorders.
9	05.04-11.04	<i>CIW -16</i> Pathophysiology of the endocrine system. Violation of the hypothalamus, pituitary and adrenal glands (1,3 ч.)		Disorders of sensation. Pathophysiology of higher nervous activity. Syndromes of alcohol and drug addiction.
10	12.04-18.04	<i>CIW -17.</i> Pathology of the breathing(1,3 ч.)		Pathophysiology of the endocrine system. Violation of the hypothalamus, pituitary and adrenal glands.
11	19.04-25.04	Pathology of cardiac rhythm 23.04.21r.	Maksimovich N.Ye	Violation of the thyroid, parathyroid and the reproductive glands.
12	26.04-02.05	<i>CIW-18</i> Renal disorders <i>Nephrolithiasis</i> (1,3)		Pathophysiology of the blood circulation. Myocardial infarction.
13	03.05-09.05	<i>CIW-19.</i> Pathophysiology of the digestive system. (0,9 hr.).		Pathology of cardiac rhythm.
14	06.05-16.05			Pathology of arterial pressure. Arterial hypertension. Hypotension
15	17.05-23.05			Pathophysiology of the breathing.
6	24.05-28.05			Pathophysiology of the urinary system. Computer testing.
