10. Persistent delusional disorder.
11. Modern methods of treatment of schizophrenia and similar disorders: biological treatment, electroconvulsive therapy. Psychotherapy, occupational and social rehabilitation. Immediate and long-term effects of therapy, the quality of remission with different variants of the disease.

Basic literature.

1. **Fenton, C. Psychiatry** / C. Fenton, K. Lodge, J. Henderson. - London [etc.] : JP Medical Publishers, 2016. - XII, 339 p. : il.
2. Oyeboode, F. Sims' symptoms in the mind: textbook of descriptive psychopathology / F. Oyeboode. - 5th ed. - Edunburg [etc.]: Saunders: Elsevier, 2015. - VIII, 388 p.: il.

Additional literature.

3. Comprehensive women's mental health / ed. by David J. Castle, Kathryn M. Abel - Cambridge: Cambridge University Press, 2016. - XI, 360 p.: il.
4. Fundamentals of clinical psychopharmacology / ed. by I.M. Anderson, R.H. McAllister-Williams. - 4th ed. - Boca Raton; London; New York: CRC Press: Taylor & Francis Group, 2016. - XXVI, 254 p: il.
5. Neurobiology of mental illness / ed. by D.S. Charney [et al.]. - 4th ed. - New York ; Oxford : Oxford University Press, 2014. - 2993760 p.
6. Sadock, B.J. Kaplan & Sadock's synopsis of psychiatry : behavioral sciences/clinical psychiatry / B.J. Sadock, V.A. Sadock, P. Ruiz. - 11th ed. - Philadelphia [etc.] : Wolters Kluwer : Lippincott Williams & Wilkins, 2015. - XVI, 1472 p. : il. + [4] sheet il.

№ 2. Affective (mood) disorders.

Questions:

1. Prevalence, morbidity, and the incidence of affective disorders. The epidemiological features of mood disorders.
2. Biopsychosocial model of aetiology and pathogenesis of mood disorders.
3. Classification of affective (mood) disorders according to ICD-10.
4. Depressive disorders: classification, epidemiology, aetiology, pathophysiology, clinical features, diagnostic approach, management.
5. Bipolar affective disorder: classification, epidemiology, aetiology, pathophysiology, clinical features, diagnostic approach, management.
6. Persistent mood disorders: dysthymia, cyclothymia,
7. Features of depression in children and adolescents. Differential diagnosis of depression and dementia in the elderly age.

Basic literature.

1. **Fenton, C. Psychiatry** / C. Fenton, K. Lodge, J. Henderson. - London [etc.] : JP Medical Publishers, 2016. - XII, 339 p. : il.
2. Oyeboode, F. **Sims' symptoms in themind: textbook of descriptive psychopathology** / F. Oyeboode. - 5th ed. - Edunburg [etc.]: Saunders: Elsevier, 2015. - VIII, 388 p.: il.

Additional literature.

3. **Comprehensive women's mentalhealth** / ed. by David J. Castle, Kathryn M. Abel - Cambridge: Cambridge University Press, 2016. - XI, 360 p.: il.
4. **Fundamentals of clinical psychopharmacology** / ed. by I.M. Anderson, R.H. McAllister-Williams. - 4th ed. - Boca Raton; London; New York: CRC Press: Taylor & Francis Group, 2016. - XXVI, 254 p: il.
5. **Neurobiology of mental illness** / ed. by D.S. Charney [et al.]. – 4 th ed. - New York ; Oxford : Oxford University Press, 2014. – 2993760 p.
6. **Sadock, B.J. Kaplan & Sadock's synopsis of psychiatry : behavioral sciences/clinical psychiatry** / B.J. Sadock, V.A. Sadock, P. Ruiz. - 11th ed. - Philadelphia [etc.] : Wolters Kluwer : Lippincott Williams & Wilkins, 2015. - XVI, 1472 p. : il. + [4] sheet il.

№ 3. Behavioural syndromes associated with physiological disturbances.

Questions:

1. Eating disorders. Anorexia nervosa, bulimia nervosa: aetiology, clinical features, diagnostic approach, management.
2. Nonorganic sleep disorders: classification, diagnostic approach, investigation, management.
3. Sexual dysfunction not caused by organic disorder: diagnostic approach, investigation, management.
4. Mental and behavioural disorders associated with the puerperium: postnatal blues, postnatal depression, postnatal psychosis.

Basic literature.

1. **Fenton, C. Psychiatry** / C. Fenton, K. Lodge, J. Henderson. - London [etc.] : JP Medical Publishers, 2016. - XII, 339 p. : il.
2. Oyeboode, F. **Sims' symptoms in themind: textbook of descriptive psychopathology** / F. Oyeboode. - 5th ed. - Edunburg [etc.]: Saunders: Elsevier, 2015. - VIII, 388 p.: il.

Additional literature.

3. **Comprehensive women's mentalhealth** / ed. by David J. Castle, Kathryn M. Abel - Cambridge: Cambridge University Press, 2016. - XI, 360 p.: il.
4. **Fundamentals of clinical psychopharmacology** / ed. by I.M. Anderson, R.H. McAllister-Williams. - 4th ed. - Boca Raton; London; New York: CRC Press: Taylor & Francis Group, 2016. - XXVI, 254 p: il.
5. **Neurobiology of mental illness** / ed. by D.S. Charney [et al.]. – 4 th ed. - New York ; Oxford : Oxford University Press, 2014. – 2993760 p.
6. **Sadock, B.J. Kaplan & Sadock's synopsis of psychiatry : behavioral sciences/clinical psychiatry** / B.J. Sadock, V.A. Sadock, P. Ruiz. - 11th ed. - Philadelphia [etc.] : Wolters Kluwer : Lippincott Williams & Wilkins, 2015. - XVI, 1472 p. : il. + [4] sheet il.

№ 4. Pervasive developmental disorders. Behavioural disorders with onset usually occurring in childhood and adolescence.

Questions:

1. Developmental disorders. Autism spectrum disorder: epidemiology, aetiology, clinical features, diagnostic approach, investigation, management.
2. Behavioural and emotional disorders. Hyperkinetic disorders: epidemiology, aetiology, clinical features, diagnostic approach, investigation, management.
3. Tic disorders. Transient tic disorder. Chronic motor or vocal tic disorder. Combined vocal and multiple motor tic disorder (de la Tourette's syndrome).
4. Nonorganic enuresis. Nonorganic encopresis

Basic literature.

1. Fenton, C. Psychiatry / C. Fenton, K. Lodge, J. Henderson. - London [etc.] : JP Medical Publishers, 2016. - XII, 339 p. : il.
2. Oyeboode, F. Sims' symptoms in themind: textbook of descriptive psychopathology / F. Oyeboode. - 5th ed. - Edunburg [etc.]: Saunders: Elsevier, 2015. - VIII, 388 p.: il.

Additional literature.

3. Comprehensive women's mentalhealth / ed. by David J. Castle, Kathryn M. Abel - Cambridge: Cambridge University Press, 2016. - XI, 360 p.: il.
4. Fundamentals of clinical psychopharmacology / ed. by I.M. Anderson, R.H. McAllister-Williams. - 4th ed. - Boca Raton; London; New York: CRC Press: Taylor & Francis Group, 2016. - XXVI, 254 p: il.
5. Neurobiology of mental illness / ed. by D.S. Charney [et al.]. – 4 th ed. - New York ; Oxford : Oxford University Press, 2014. – 2993760 p.
