

Written Rules and Information

“FIRE SAFETY MEASURES IN HOSTEL PREMISES”

Students, living in hostel premises with a fire extinguisher, bear the financial liability for it. In case when a fire extinguisher is absent students have to pay in full for it. (subparagraphs 4.6, 8, 9 in the Agreement “On renting housing premises in a student’s hostel (for foreign students)”).

In case of using a fire extinguisher for a small fire (ignition) one has to inform a hostel educator (vospitatel) or a hostel supervisor or an official, replacing a hostel educator or supervisor, about its usage and **return the exhausted fire extinguisher.**

The buttons for switching on the fire alarm system, marked with distinctive signs, are located in hostel stairwells from the ground floor up to 5th one.

The students, living in the hostel, are forbidden to unseal and switch on the fire alarm system buttons.

Only an electrician has got the right to get the access to power cabinets. Students are forbidden to open power cabinets.

It is forbidden to carry out property from one housing premises to another, carry out personal property or university property into a corridor self-willed as well.

In case of the hostel Fire Safety Measures violation students bear the liability for it (subparagraphs 4.6, 8, 9 in the Agreement “On renting housing premises in a student’s hostel (for foreign students)”).
