

Prof. Dr. Barış ÇAKIR

Maltepe University

Faculty of Medicine

Department of Physiology

Istanbul / Turkey

Dear Students,

As Maltepe University Faculty of Medicine, we are proud to announce that we are hosting the 8th Maltepe University International Student Congress (MUISC) in Istanbul, Turkey, between 5-6 May 2020. Since 2013, MUISC has brought students from around the world giving them the opportunity to express and share their research interests and ideas on a variety of important issues in medicine. Many undergraduate and graduate international students have participated at MUISC actively since its inception, this year Maltepe University has decided to internationalize the organization process of MUISC Medicine as well, which was already international with respect to its participants. As such, as Maltepe University Faculty of Medicine, we officially invite You to be a member of our organizing committee of MUISC 2020.

MUISC will be held in our beautiful campus in Istanbul between 5 and 6 May 2020. The main theme of this year's conference will be "Bench to Bedside (BtB), New Horizons in Translational Medicine." ... University students participating at MUISC will be able to stay in our affiliate five-star Marma Hotel inside the campus. All accommodation (including hotel fees as well as breakfast, lunch and dinners) is free of charge. Travel expenses (to Turkey and back home) will have to be covered by the participant himself/herself. Our organization team is already well experienced and will be taking care of most of the important issues regarding the organization but will be in touch with ..... through the electronic medium using e-mails or sharing a cloud drive for a variety of contributions like organizing the participation from .... University.

We believe that this is a valuable opportunity for students of our respective institutions to meet and work with an international team to organize a major academic event. Brief information on the conference themes/topics, important dates and logistics has been provided below. Detailed information will be provided upon request.

This is an official letter of “call for paper” in international student congress written on behalf of the Coordinators of the Faculty of Medicine. We kindly expect to receive an official reply from you/your institution as soon as possible.

Best regards.

For details please contact Prof. Dr. Barış ÇAKIR
